BOISE STATE UNIVERSITY
CONCURRENT ENROLLMENT
EARN COLLEGE CREDIT WHILE STILL IN HIGH SCHOOL
Welcome to a new generation in concurrent enrollment opportunities. For the past 17 years Boise State has been working to build the premier dual credit program in the state of Idaho. Our focus is in providing students with rigorous academic courses, taught by highly qualified high school instructors, all in the familiar high school environment. Students and instructors use Boise State curriculum, texts, and grading scales. Most of the classes offered for dual credit are from the general education core applicable to any degree a student chooses upon entering a college or university. Credits are transferable to Idaho colleges and universities and most accredited institutions across the United States.

ELIGIBILITY REQUIREMENTS
➤ Have a minimum cumulative grade point average of 3.0 or 2.7 with instructor approval.
➤ Have the approval of a parent or guardian.

Boise State University’s Concurrent Enrollment Program is accredited by the National Alliance for Concurrent Enrollment Partnerships (NACEP).
NACEP works to ensure that college courses offered in high schools are as rigorous as courses offered on the college campus.

**SOPHOMORE START OPTION**

For more information, please contact the Concurrent Enrollment Staff at 426-3750 or concurrentenrollment@boisestate.edu.

**ON-CAMPUS CONCURRENT ENROLLMENT PROGRAM**

The On-Campus program allows high school students to take courses on the Boise State campus. Students may take any class the university offers during the school year and summer break, provided all prerequisites are met or instructor permission is acquired. Students pay the full fee – $273 per credit. For more information, please contact the Concurrent Enrollment Staff at 426-3750 or concurrentenrollment@boisestate.edu.

**DIFFERENCES BETWEEN THE CONCURRENT ENROLLMENT PROGRAM (CEP) AND THE ADVANCED PLACEMENT PROGRAM (AP)**

Boise State’s Concurrent Enrollment Program refers to classes offered to high school students for both high school and Boise State credit. Concurrent Enrollment allows the student to earn an actual letter grade for the course based on work completed during the duration of the class. Students have full access to university resources for a true college experience. Students may request that their transcript be sent to the college or university of their choice. Credits are transferable to most accredited colleges/universities. Students are strongly encouraged to contact the college/university of their choice to request information about credit transferability.

The Advanced Placement Program may provide college credit based on the performance on a cumulative exam administered in May. For exam scores of 3, 4 or 5 some universities award credit or waive a specific course. For some courses with labs, the lecture portion of the course is all a college can accept. For AP courses, no course grade or transcript is generated. Students may request scores to be sent to the college or university of their choice. Students are strongly encouraged to contact the college/university of their choice to request information about credit transferability.
